

May 16, 2020

Today is Armed Forces Day. Thank you to those who serve. And let's include the health care professionals and the first responders.

And let's also thank our staff, who have persevered through the lockdown to continue their great service to us at SGCC. But many of them have suffered economically due to reduced hours and gratuities. Our Foundation was started less than a month ago to take up the cause of helping our staff both now with some measure of support in time of crisis, and going forward with educational stipends.

*** In the following week, we intend to distribute a small measure of financial support to the hourly staff who have stayed with us despite being significantly disadvantaged by this crisis. We need your support **today** to make our goal of 45,000 USD. Over 125 members have already contributed - Please add your name to that list.

Thank You for being generous and supportive colleagues.

Please go to our new Website to donate. www.sawgrassfoundation.org

Sincerely,

Sawgrass Foundation, Inc. Board of Directors
